

JANUARY 2011 HOLIDAY PROGRAM

Thank you for your inquiry regarding our Grooming and Department, Modelling, Drama and Acting, Improve Your Image, and Life Skills with Personal Style programs with **THE LIZZIE WAGNER ACADEMY** Canberra Division. We are writing to advise you of the **JANUARY 2011 LIFE SKILLS WITH PERSONAL STYLE, GROOMING AND DEPARTMENT, AND EXCEL IN PERFORMANCE Holiday Programs** during the Department of Education-scheduled January School Holidays.

The dates of the **Life Skills with Personal Style** program will be Monday the 17th, Tuesday the 18th, Wednesday the 19th, Thursday the 20th, and Friday the 21st of January 2011. The program runs each day from **9.00am to 5.00pm** except for Friday the 21st of January where in the students will remain with us for their **Graduation** until approximately 7:30pm.

The Life Skills with Personal Style program is designed for students aged from **9 to 19 years** and promotes confidence, self-esteem and personal presentation. **Groups are split into different age or needs sessions and workshops.**

Alongside Grooming and Department, the course also provides a comprehensive introduction to modelling and associated industries. The program pays particular attention to presentation, confidence, self-esteem, image and etiquette, and for older students only, facing the work force with interview techniques, business etiquette and professional wardrobe. The Modelling component provides the strictest possible training to prepare young ladies and gentlemen for the industry and instil professionalism into any possible career path. Unfortunately not everybody can achieve the '**model look**' that is demanded by clients in the fashion industry; however, everyone has an intrinsic beauty that **can only be enhanced by a course of this kind.**

Although you may have no desire to become a model or actor, the finishing school is ideal to promote greater confidence and self-esteem. Image and presentation will be developed to the highest possible standard as is required within this competitive industry, and so can be immediately applicable to other social and professional situations. The success of the Finishing School is reflected in the 22 years it has been operating and continuously developed and updated, with very happy, pleased parents and successful, elated and confident students.
